SMART SAVINGS, BIG IMPACT

PPE GLOVE REWASH PROGRAM

SMART SAVINGS, BIG IMPACT

1

PAIR OF GLOVES
/ EMPLOYEE / WEEK

×

3,000

EMPLOYEES
PER WAREHOUSE

Amazon warehouses currently go through one pair of PPE gloves per employee per week. With up to 3,000 employees per warehouse, this adds up to significant costs and environmental waste. Here's how our rewash program can save you significantly.

PROTECTING PEOPLE AND THE PLANET

At R3, we prioritize safety, hygiene, and sustainability through a robust, science-backed PPE disinfection system. Our approach ensures every piece of personal protective equipment (PPE) is rigorously cleaned and ready for reuse—without compromising on safety.

01

COLLECTION

Used PPE is deposited into secure, clearly marked bins to eliminate cross-contamination risks.

02

PRESORT INSPECTION

Trained staff manually inspect each item to remove damaged or compromised PPE.

03

HIGH-TEMP WASH & DISINFECTION

Alkaline wash (pH 9–11) breaks down bacteria and organic matter. Final rinse neutralized to pH 6.5–7.5. Meets/exceeds CDC sanitation standards.

04

HEAT DRY & SANITIZED HANDLING

High-heat drying removes all moisture and kills residual bacteria. PPE is handled using sanitized protocols throughout.

05

CLEAN STORAGE

Disinfected PPE sealed in labeled containers: "Sanitized PPE – Ready for Use." Clean, secure, and accessible. Exceeds industry safety standards.

REMINDER

Please do NOT throw trash in the PPE recycle bins.

These bins are for dirty PPE only. Your proper participation is critical to the success of the program.

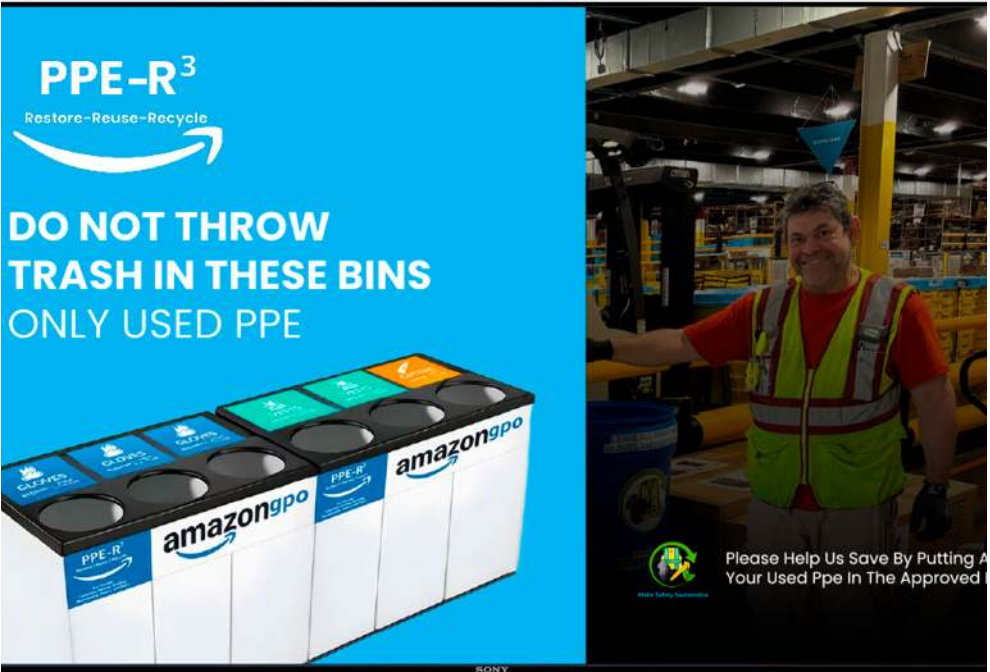

Note: Glove allotments will be reduced soon, so every item collected matters. All washed PPE is inspected, disinfected, and returned in like-new or gently worn condition.

Thank you for your cooperation!

ACID FEED

Revamp acid feed templates with clear, concise messaging: **"Please help us save PPE."** Show visuals of Dirty PPE vs. Clean PPE to drive behavior change at the point of action.

INCENTIVE PROGRAM

PROGRAM CHAMPION

We're looking for a Program Champion to help drive adoption and success within your team's site. This is a great opportunity for you or a designated team member to take a lead role in boosting engagement and ensuring our program achieves its objectives. Champions are instrumental in the program's success, and we believe your involvement would be invaluable.

HIT 80% ADOPTION

Reach 80% program adoption, and you'll earn a **\$50 Uber Eats gift card** as a personal reward.

SUSTAIN 80% FOR 6 PICKUPS

Maintain 80% adoption for **six consecutive pickups**, and the site will receive **free meal truck tickets** for a percentage of employees—plus you personally receive a **\$100 gift card**.

REACH 90% COMPLIANCE FOR 3 MONTHS

Achieve 90% compliance for **three straight months**, and you'll receive a **\$250 gift card, a spa day, and special recognition from Amazon Corporate**.

Q AND A'S

- How many employees do you have using PPE?
- How frequent is the allotment (biweekly, Monthly, others)?
- What type of PPE you use? (Gloves: Freezer, Nitrile and or Impact)
- Do you have someone on the team that wants to be a program lead?
- What is your preferred method of contact?
- How many bins, racks and signs would you like to have?
- Would you like signage in other languages?
- What Cadence would you prefer for your site?
- Who do you want to have access to the dashboard and their emails?
- Service times and dates?

LET'S GET STARTED

READY TO SAVE AND MAKE A DIFFERENCE?

Let's work together to cut costs, reduce waste, and
support Amazon's sustainability goals.
